When your team wants to add to or edit an indicator/objective, simply click anywhere in the row and you will be taken to a single page to update.

ASSESS-CREATE-MONITOR

Assess

Wise Ways Indicator in Action Indicator History

Initial Level of Development: No Development or Implementation (A score has already been entered for this objective)

Priority Score: 1 - Highest priority 2 - Medium

Opportunity Score: 1 - Easy to address 2 - Access

Describe your current implementation efforts: This is it

Create & Monitor

Assign a team member to monitor this objective.

Establish a target date on fully implement this objective.

Describe how it will look when this objective is being fully met. All information you will need to provide evidence that this objective

Add Action

Action	Frequency
This is the full date...	No Resource Selected
What is my number 2	No Resource Selected

As the team works through each selected indicator, they will:

1. Use Wise Ways research, Action videos, and additional Tools/Resources to guide their work
2. **Assess** their current level of implementation
3. **Create** a plan for each objective and what it will look like at full implementation
4. **Create** a series of Action steps to help achieve the objective
5. **Monitor** implementation of each objective and sustainability efforts
6. Gather and provide evidence when each objective is met

Leadership Teams should remember to:

keep actions simple and specific

set target dates that are realistic and doable

continually monitor actions and objectives for completion
